

# MAX.GOV

## PARTNER TRANSITION OPTIONS

### Self-Hosting

- Total control of your data and security posture
- Multiple procurements required
- Ownership of your Atlassian licensing (including plugins)
- Responsibility for maintenance and support
- Requires organizational expertise or a consultant (with potential additional procurement)

 **ATLASSIAN**  
[www.atlassian.com](http://www.atlassian.com)

### GovCollab.us (Commercial)

- Focus on using Atlassian tools, not administering them
- FedRAMP-hosted shared platform at cost savings over self-hosted
- Fast, sole-source procurement options
- Expert support from experienced Atlassian and MAX specialists
- Additional services available for customizations and design

[www.govcollab.us](http://www.govcollab.us)

### Connect.gov (USDA DISC)

- Government-to-Government Partnership via Inter-Agency Agreement
- FedRAMP accredited application platform
- Dedicated, shared hosting environment
- Full spectrum of software and IT-related professional services
